**REVIEW AND DISCUSSION OF PINE HILL ROAD DRAINAGE/CULVERTS:**

The Board of Selectmen met on Pine Hill Road to discuss culverts and drainage near 224 Pine Hill Road at the request of the Road Agent and property owner, Art Heath.

The Board reviewed the culverts and ditch lines along this portion of Pine Hill Road.

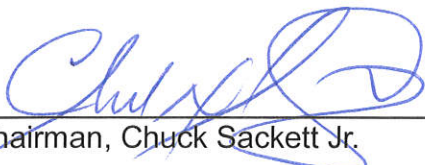

Road Agent John Corso explained his proposal to keep the culverts in the same locations and identified areas where ditching would be required in order to ensure proper drainage. The property owner, Art Heath, explained his concerns with the current design and suggested that the existing culverts be removed, allowing the water to flow further down Pine Hill Road.

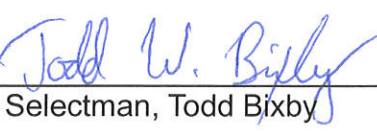

The Board listened attentively to both suggestions and paid particular attention to the areas where new driveway culverts would have to be installed along Pine Hill Road, acknowledging the existence of ledge in the area. Both J. Corso and A. Heath offered to get transits but the Board declined at this time. There was additional discussion about whether changes to the existing locations of the culverts were necessary if the ditches were properly maintained.
